V. Remarks from VPAA/Provost Alexander:

The Hate U Give

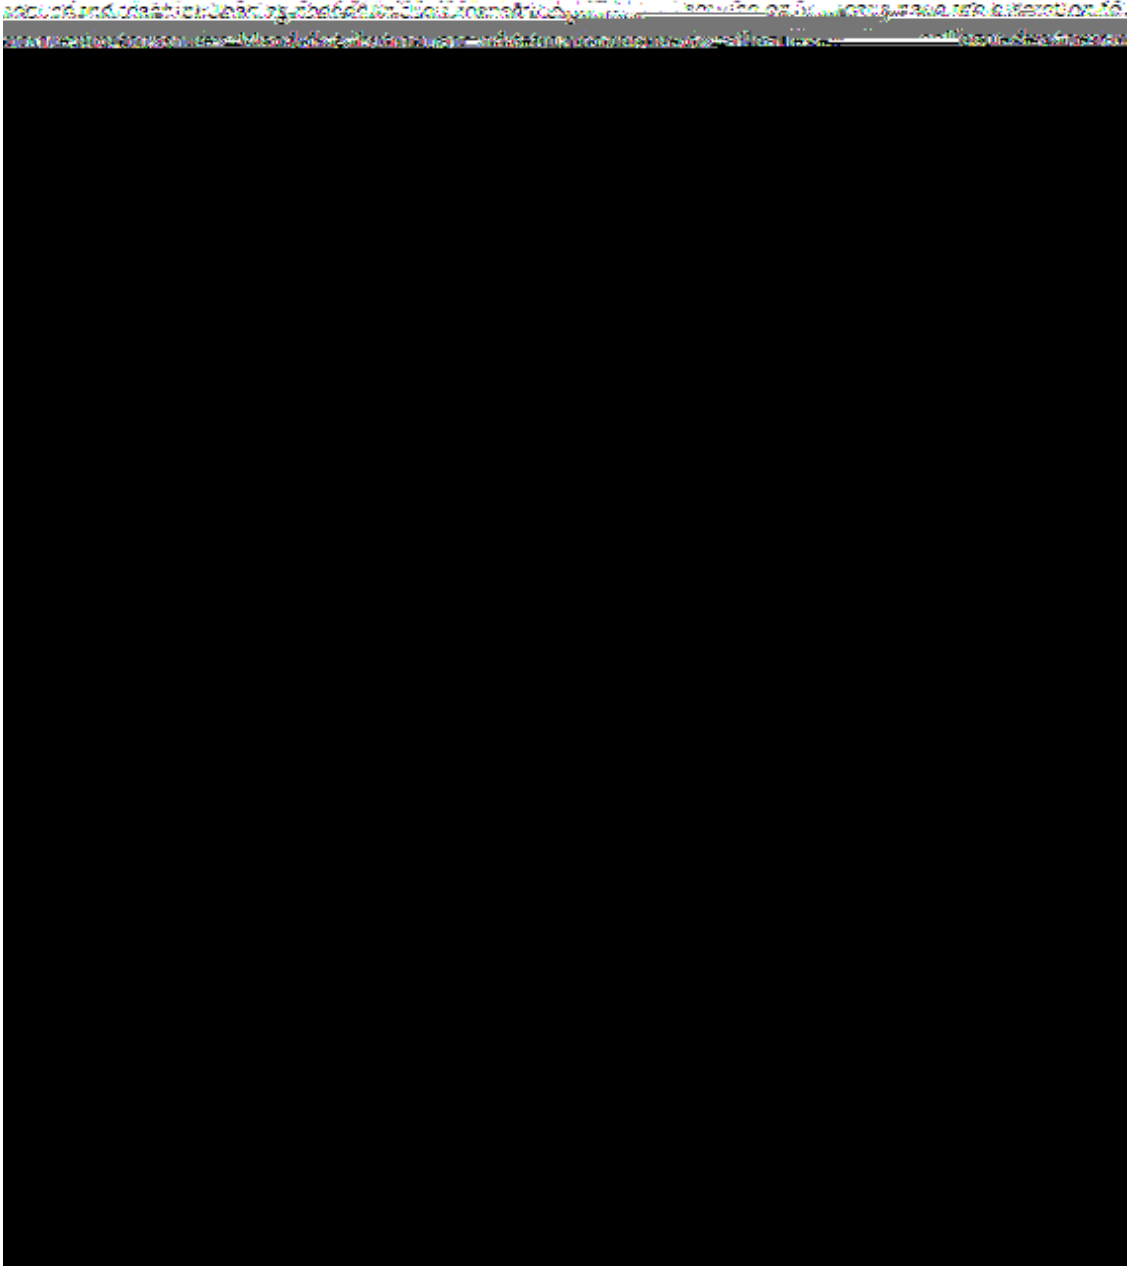

Boy Erased
Just Mercy: A Story of Justice

v

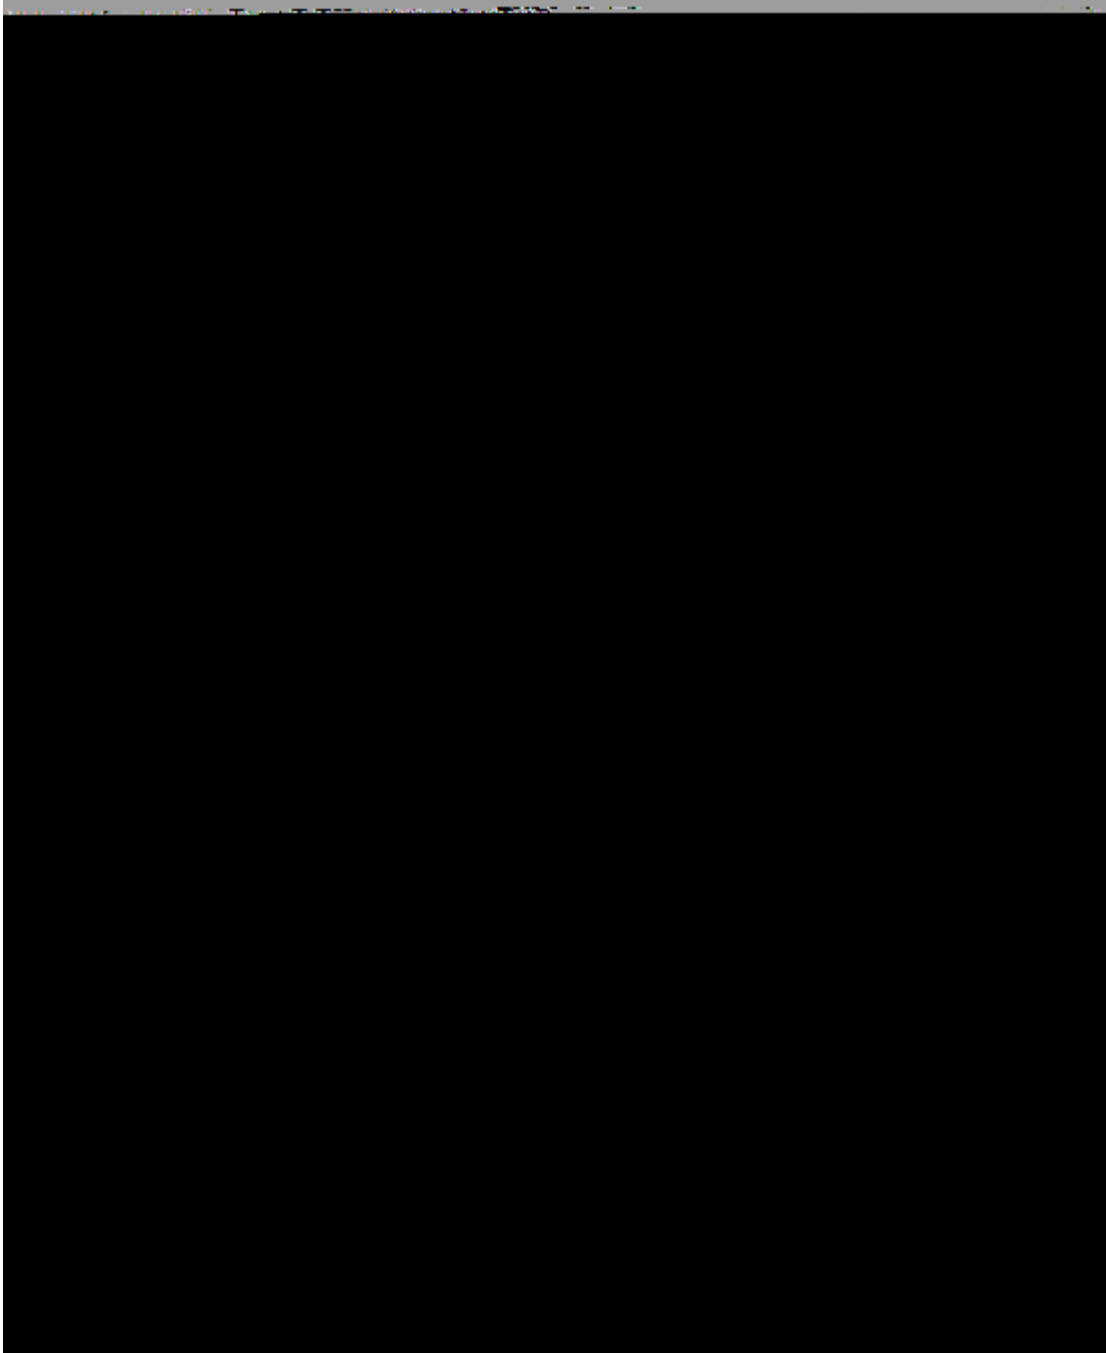

XI. Adjourn

2.4.2 Non-Tenure-Track

All new, full-time, non-tenure-track faculty members enter the institution with the rank of Lecturer, with a standard 5-5 teaching load and performance evaluation based upon teaching and

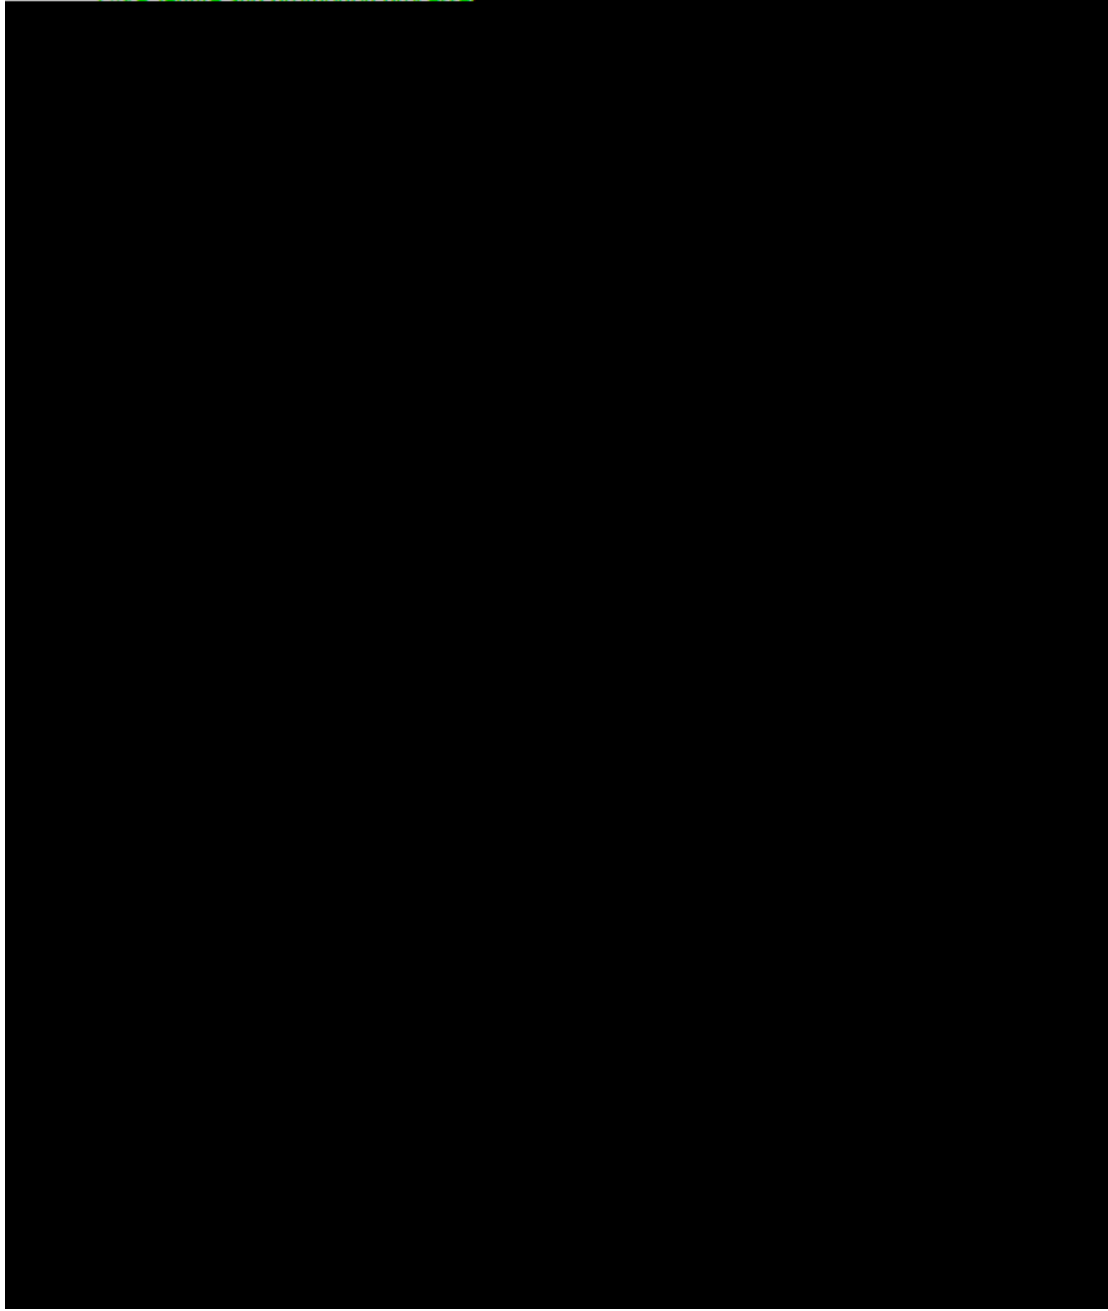

RECOMMENDED PRACTICES FOR REAPPOINTMENT OF

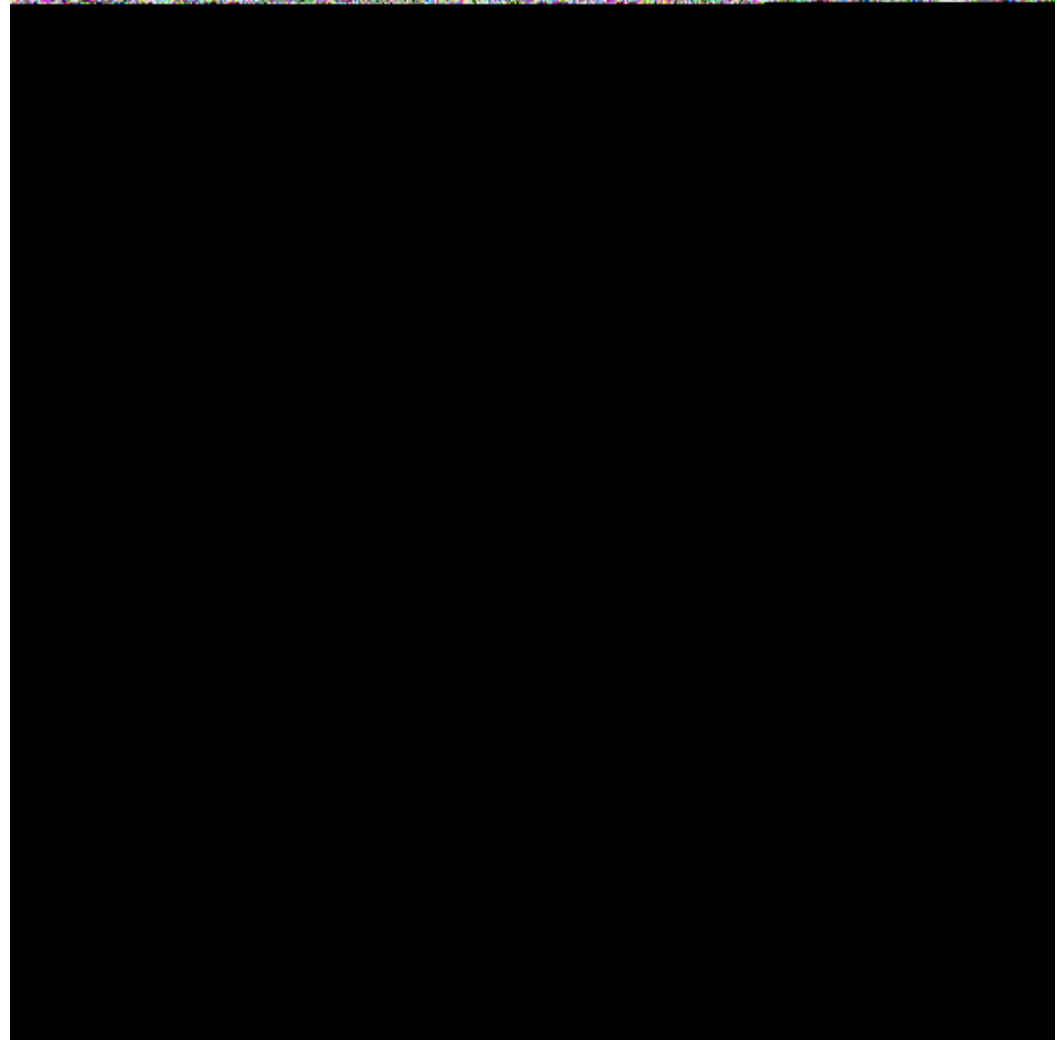

reappointment, nor does the decision of the department chair to conduct a full review either bi-
ennially or triennially.

After five (5) years of uninterrupted, meritorious service, Lecturers may immediately apply
promotion to Senior Lecturer, via submission of a dossier/portfolio to be evaluated through the
LINA tenure and promotion process and timeline (Section 2.5, Criteria for Appointment

be determined by university policy. In addition, the conditions shall be determined by the university.

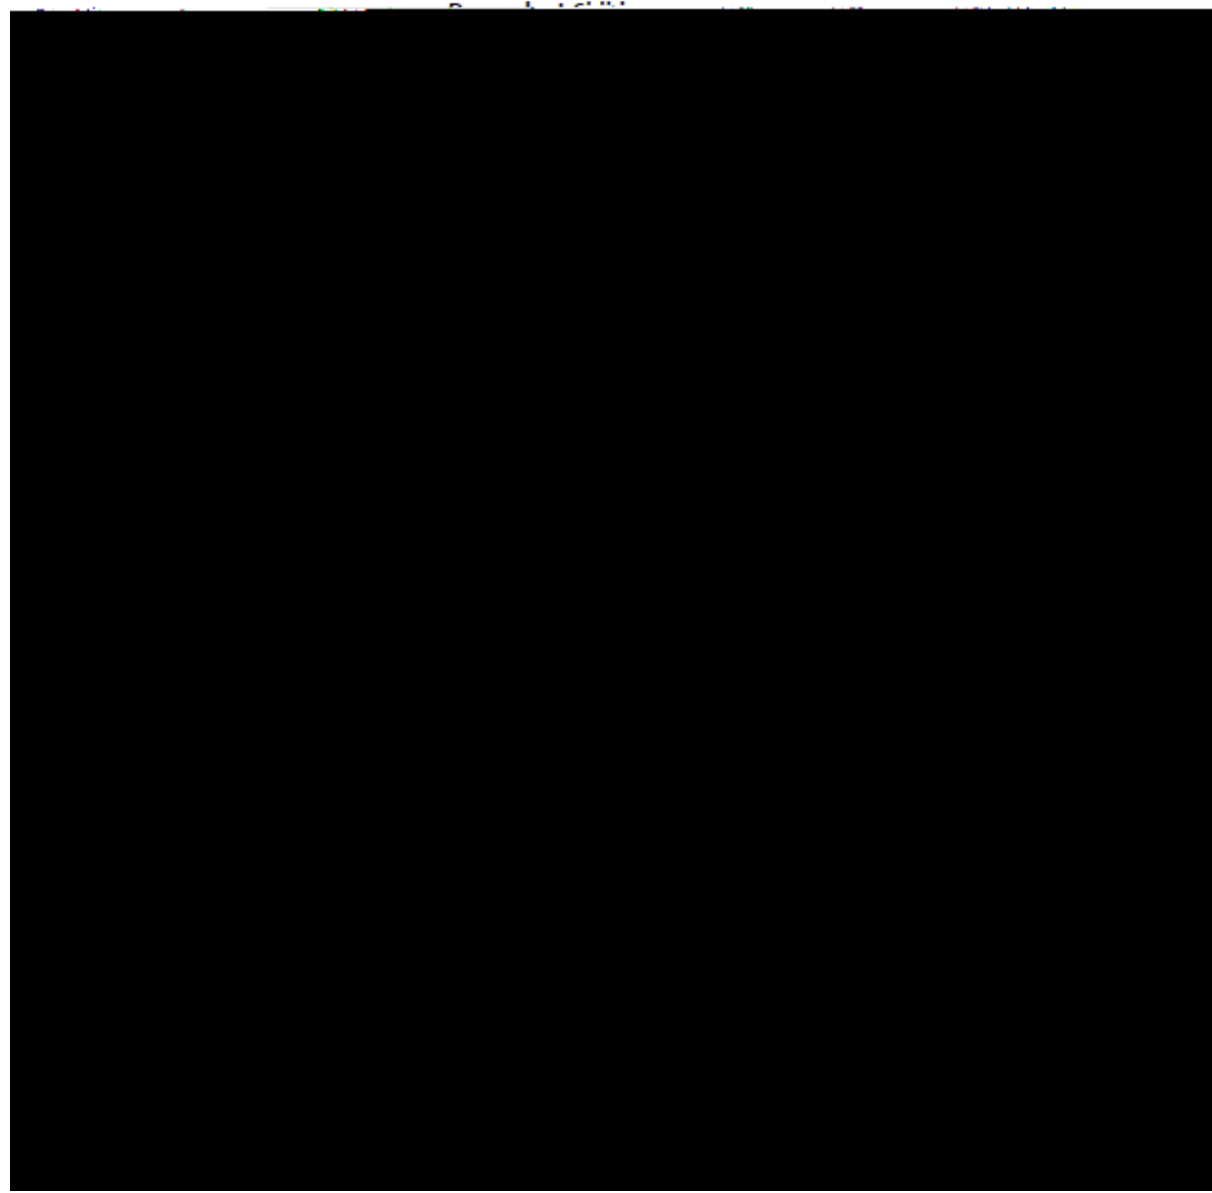

Assistant Professors of JINA and the term no later than the sixth year of service may, upon approval by the dean and VPAA, include credit for up to three years of service at the assistant professor level or higher at other institutions up to three years of service at the assistant professor level or higher at other institutions toward the six years of service. The credit given must be determined at the time of hiring and included in the employment letter. The relevant documentation of years of probationary service shall be included in the employment letter.

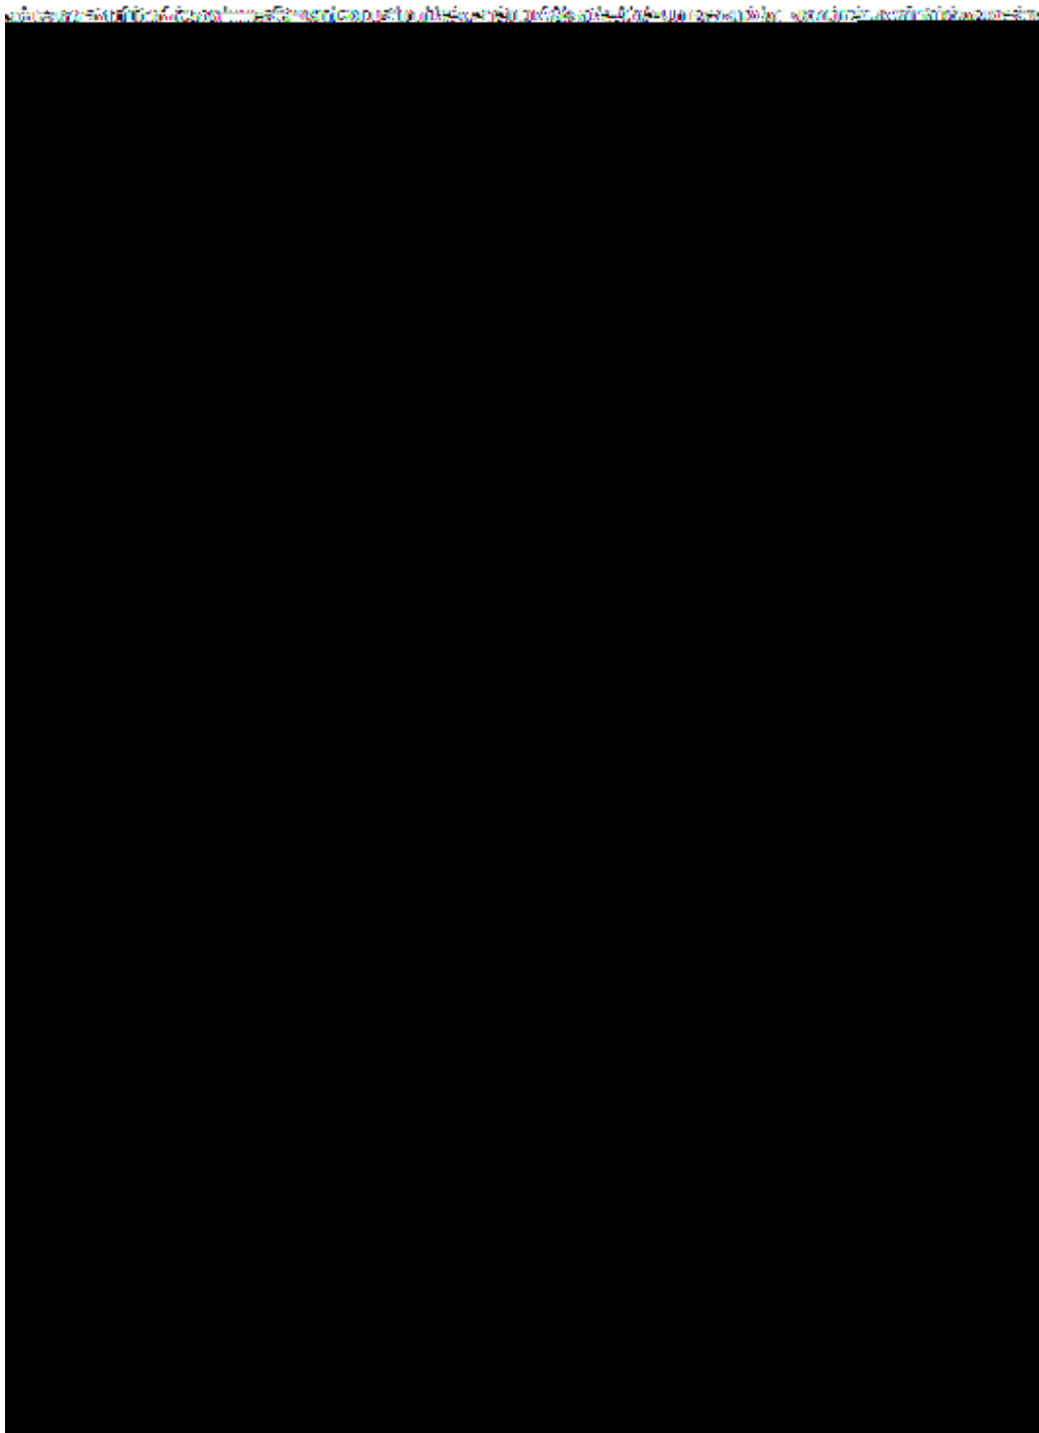

EDUCATION MISSION

... to provide a high quality education for all students, to prepare students for the workforce, and to provide a high quality education for all students...

TUITION REMISSION

STATE OF ALABAMA - DEPARTMENT OF REVENUE - 2014-2015

to work under the University of Toronto and the University of British Columbia. The University of British Columbia is a leading research institution in the field of environmental studies and has a strong focus on the study of the environment and the role of the state in the development of the environment. The University of Toronto is a leading research institution in the field of environmental studies and has a strong focus on the study of the environment and the role of the state in the development of the environment.
