How it works

Hospital indemnity insurance pays a fixed dollar amount for each day of a hospital stay lasting 24 hours or more. Benefits are paid until you reach the maximum number of days stated in your policy. Your plan also has a hospital admission benefit, which pays a higher benefit amount for your first day of a hospitalization and is compatible with a health savings account (HSA).

In addition to hospitals, benefits are paid for stays in other eligible facilities. Each facility has its own per-day benefit and calendar-year maximum.

Meet Herman

Like most healthy adults, Herman thought the hospital was the last place he'd end up. But this year, he fell seriously ill with COVID-19 and spent five days in the hospital.

Fortunately, Herman has Symetra Hospital Indemnity Insurance, which he purchased through work. It pays a first-day hospital admission benefit followed by a per-day benefit starting on Day Two.

Hospital indemnity insurance removed some of the financial burden of Herman's hospital stay, so he could focus on getting well.
